Call for

- Universe PhD Award “Theory”
- Universe PhD Award “Experiment”

2009

- awarded with 4.000 Euros
- most outstanding PhD Thesis within Particle-, Nuclear- and Astrophysics
- submitted between 1 Oct. 2008 and 1 Sep. 2009
- closing date for nominations: 1 Sep. 2009

Call for Universe PhD Awards 2009 now open:

Once a year, the Excellence Cluster Universe honors two outstanding PhD theses submitted in the fields of particle-, nuclear- and astrophysics. These awards are given to a promotional work in the category “theory” and “experiment”, respectively. Each award is endowed with 4.000 Euros. Further, the winners will be invited to present their dissertations in a talk during the Science Week from 12 to 16 October, 2009.

The call for the Universe PhD Award ‘Theory’ and the Universe PhD Award ‘Experiment’ is now open. Candidates for the award have to be nominated by their supervisors expected to be members of one of the partner institutes at the

Excellence Cluster Universe: TUM, LMU, MPA, MPE, MPP, IPP, ESO, MLL or HLL. The candidates have to be members of these institutions as well. Supervisors have to submit a maximum two-page statement on behalf of their nominees. Candidates are asked to provide an electronic version of the PhD thesis as a PDF file.

The theses must have been submitted, reviewed and graded between 1 October 2008 and 1 September 2009. The closing date is **1 September 2009**. The PhD theses will be evaluated and selected by an independent committee.

Nominations for the awards should be directed to:

Excellence Cluster Universe
Dr. Andreas Müller
Boltzmannstr. 2
85748 Garching
